

Neany Incorporated ([www.neanyinc.com](http://www.neanyinc.com)) is a small company experiencing rapid growth. We specialize in the development and support of sensors and unmanned vehicles for the Department of Defense and Homeland Security. Our company is headquartered in Hollywood, Maryland near the Patuxent River Naval Air Station. We are actively interviewing for the following full-time position:

### **Lead Mechanical Engineer**

Working with our team of aeronautical, electrical, and software engineers and scientists, the successful candidate will:

- Design and build equipment for sensors and unmanned systems
- Perform research and development of next-generation products and technologies

### **Qualifications:**

- BS/MS in mechanical engineering or related engineering discipline
- Experience in the design and implementation of electro-mechanical and aviation systems
- Expertise in CAD and solids modeling is a must
- Experience performing finite element analysis
- Strong problem-solving skills and ability to continuously learn/devise new techniques
- Ability to work well in a team and as a project leader
- Ability to develop and follow disciplined engineering principles
- Strong communication skills

Neany offers excellent pay and benefits. Our headquarters are located in the heart of Saint Mary's county Maryland in close proximity to the District of Columbia and Baltimore, Maryland. We also have offices in Crystal City, Virginia and Yuma, Arizona.

### **How to Apply:**

Please send your resume to [hr-eng@neanyinc.com](mailto:hr-eng@neanyinc.com) and put **mechanical engineer and your last name** in the subject line.
